

## 288kw Custom Swimming Pool Heat Pump For Sports University Titanium Heat Exchanger

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: M-D188WD
- Minimum Order Quantity: 1SET
- Price: negotiate a price
- Packaging Details: wooden frame or plywood box
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 5 SET one day

#### Product Specification

- Use: Constant Temperature
- Waterproof Level: IP×4
- COP: 3.6~4.0
- Working Ambient Temperature: 0~43C
- Power Supply: 380V/3Ph/50Hz Or 60Hz
- Heat Exchanger: PPR Shell Titanium Tube
- Name: Custom Heat Pump
- Highlight: **288kw Swimming Pool Heat Pump, Custom Swimming Pool Heat Pump**

## Product Description

288kw Custom swimming pool heat pump for Sports University titanium heat exchanger

### Product Description:

Meidibao air source heat pump system is powered by ambient air and operates around the clock: it provides continuous hot water throughout the year and throughout the year, regardless of weather. The operating cost is 67% less than that of gas water heater, 75% less than that of electric water heater and 60% less than that of boiler. Intelligent control: The unit is automatically controlled by a microcomputer, and automatically runs according to the water temperature of the water tank and the user's water use, without the need for special duty. Reasonable arrangement of low front

### Feature:

1. can OEM ODM ,Experienced
2. PPR shell titanium
3. Air side heat exchanger The air-side heat exchanger adopts an integral hydrophilic finned inner threaded tube design, with a large windward area, high heat transfer efficiency, resistance to oxidation and corrosion, and hydrophilic fins that are less prone to condensation and frosting, ensuring that the unit has sufficient heating capacity in the cold winter season, and that the unit can still operate normally for heating and defrosting even in low temperatures
4. Constant temperature in four seasons, not affected by weather
5. Housing materials The external sheet metal is made of galvanised steel, and all sheet metal parts are pre-treated with rust removal, cleaning and drying, and then electrostatic spraying is used to paint the internal and external surfaces of each piece of sheet metal for a beautiful appearance

### Specification:

Product	swimming pool heat pump
Model	M-D288WD
Climatic type	Normal
Power supply	380V /50Hz
Rated heating capacity	288.5kW
Rated power input	78kW
Max Rated current	202.8A
Refrigerant / Charge	R410/7000g×6
Rated water temp.	28
Max hot water temp.	50
working temp	0-43
water pipe size	4"
Noise	≤78dB(A)
Product dimension	3300×2000×2100mm
Net weight	2000kg

### Advantages:

Heat pump form heating: no need to build a boiler room, directly from the air heat absorption, reduce the cost, clean and safety, avoid environmental pollution; For some winter by heat pump heat shortage places, it can also choose auxiliary electric heating to meet the heat requirements. High efficiency, energy saving, reliable performance: choose the world famous brand rotary type or fully enclosed vortex compressor and the world famous brand high-quality refrigeration components, to ensure that the whole machine plays the highest energy efficiency. The multi-system unit adopts a two-stage energy regulation system, which is especially suitable for partial load, more energy saving and can effectively protect the frequent start of the system.
