

## 7HP Swimming Pool Air Source Heat Pump Low noise 3/380V/50Hz Power Supply

Our Product Introduction

for more products please visit us on [airsource-heatingpump.com](http://airsource-heatingpump.com)

### Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D30AAS
- Minimum Order Quantity: 6SET
- Packaging Details: wooden frame or plywood box
- Delivery Time: 25-30days
- Payment Terms: T/T
- Supply Ability: 30 set one day

### Product Specification

- Name: Swimming Pool Air Source Heat Pump
- Heat Exchanger: Titanium
- Working Ambient Temperature: 0~43C
- Power Supply: 380V-415V/3/50HZ
- Refrigerant: R410
- Type: Air Source Heat Pump
- Heat Exchanger: Titanium Tube In Tube
- Highlight: **7HP Swimming Pool Air Source Heat Pump, Swimming Pool Air Source Heat Pump Low Noise**

## Product Description

### 7HP swimming pool air source heat pump 3/380V/50Hz power supply

#### Product Description:

Meidibao swimming pool air source heat pump is a high-performance and efficient device specifically designed for swimming pool heating.

This heat pump is engineered to extract heat from the surrounding air and transfer it to the swimming pool water, even in relatively cold temperatures. It ensures a consistent and comfortable water temperature, allowing swimmers to enjoy the pool throughout the year. With its powerful 44KW output, it is capable of heating large swimming pools quickly and effectively. It is equipped with advanced heat exchange technology and intelligent control systems to optimize energy consumption and performance.

#### Feature:

1. Foshan Meidibao Electrical Appliance Co., Ltd. has been a manufacturer professionally specialized in research, development and production of Heat Pumps since 2005.
2. Famous brand compressor
3. Titanium heat exchanger
4. Safety, high sensitivity of earth leakage protection
5. Low noise

#### Specification:

Product	swimming pool heat pump
Model	M-D30AAS
Climatic type	Normal
Power supply	380V /50Hz
Rated heating capacity	30.8kW
Rated power input	6.16kW
Max Rated current	14.1A
Refrigerant / Charge	R410/3000
Rated water temp.	28
Max hot water temp.	45
water pipe size	DN50
Noise	≤65dB(A)
Anti-electric shock rate	I
Protection grade	IP×4
Product dimension	750*690*1060mm
Net weight	160kg

#### Advantages:

Environmentally friendly: Produces fewer greenhouse gas emissions.

Consistent water temperature: Maintains a stable and comfortable water temperature for swimming.

All-season use: Allows the pool to be used even in colder weather.

Fast heating: Can quickly raise the water temperature.

Easy installation: Comparatively simpler to install compared to some other systems.

Low noise level: Does not create excessive noise during operation.

Long lifespan: With proper maintenance, can last for many years.

Versatile application: Suitable for various sizes and types of swimming pools.

Cost-effective in the long run: Although the initial investment may be significant, the savings in energy over time can make it economically beneficial.
