

5HP Commercial Air Source Heat Pump Side Discharge 3/380V/50Hz Power Supply

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: M-C18AAH1
- Minimum Order Quantity: 6 units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 30 units one day

Product Specification

- Heat Exchanger: Shell In Coil
- Working Ambient Temperature: 0~43C
- Refrigerant: R32
- Color: Dark Gray OEM
- Brand Name: MEIDIBAO
- Compressor: Scorr
- Name: Commercial Air Source Heat Pump
- Highlight: **5HP Commercial Air Source Heat Pump, Side Discharge Heat Pump Commercial**

Product Description

5HP Commercial Air Source Heat Pump side discharge 3/380V/50Hz Power supply

Product Description:

This heat pump offers a reliable and sustainable alternative to traditional heating and cooling systems. It is capable of extracting heat from the air and transferring it into the desired space, providing efficient and consistent temperature control. The side discharge design ensures optimal airflow and distribution, allowing for quiet and efficient operation. It is engineered to handle the demands of commercial environments, with durability and long-term performance in mind.

With its 5HP power, it can provide sufficient heating and cooling capacity for medium to large-sized commercial spaces, such as offices, shops, restaurants, and more. It features advanced control systems that enable easy adjustment and customization of settings to meet specific comfort requirements.

Feature:

1. Easy installation, Monoblock type
2. EEV
3. Timing, three period setting
4. Extensible electrical heater control function

Specification:

Product	Air source heat pump
Model	M-C18AAH1
Climatic type	Normal
Power supply	380V/3HP/50Hz
Rated heating capacity	18kW
Rated power input	4.86kW
Max Rated current	13A
Refrigerant	R32
Rated water temp.	55
Max hot water temp.	60
working temp	0-43
water pipe size	3"
Noise	≤65dB(A)
Product dimension	840×710×1220mm
Net weight	172kg
Testing condition: ambient Dry/Wet Bulb Temp: 20 / 15 ; Water Inlet/Outlet Temp: 15 / 55	

Advantages:

Meidibao commercial heat pump provides year-round comfort to any business or office. A heat pump split and monoblock system can take care of both your heating and cooling needs and save you money in the process.

A heat pump is an air conditioning condenser that is configured to work "in reverse" in the wintertime when heat is needed rather than cooling. You get a heater and air conditioner in one efficient unit. Our wide selection of air source heat pumps ensures that we have your heating and cooling needs covered, and our state-of-the-art products can save you an amazing amount of money on energy bills. Our inventory of heat pumps includes 220- and 420-volt units.
