

3HP Commercial Air Source Heat Pump with Side Discharge for Efficient Heating and Cooling

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-30W/C
- Minimum Order Quantity: 6 units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 30 units one day

Product Specification

- Heat Exchanger: Shell In Coil
- Refrigerant: R32
- Color: Dark Gray OEM
- Brand Name: MEIDIBAO
- Compressor: ScorrI
- Max Hot Water Temp: 60
- Name: Custom Heat Pump
- Highlight: **3HP Commercial Air Source Heat Pump, Commercial Air Source Heat Pump Side Discharge, Commercial Air Source Heat Pump 220V**

Product Description

3HP Commercial Air Source Heat Pump Side Discharge 3/220V/60Hz Power Supply - Heating and Cooling

Product Overview

This commercial air source heat pump provides a reliable and sustainable alternative to traditional heating and cooling systems. Engineered to extract heat from the air and transfer it into desired spaces, it delivers efficient and consistent temperature control for commercial environments.

The side discharge design ensures optimal airflow distribution, enabling quiet and efficient operation. Built with durability and long-term performance in mind, this unit is ideal for medium to large-sized commercial spaces including offices, shops, restaurants, and more.

Key Features

- Easy installation with monoblock design
- Automatic and manual defrosting function
- Timing control with three period settings
- Extensible electrical heater control function

Technical Specifications

Product	Air Source Heat Pump
Model	MDB-30W/C
Climatic Type	Normal
Power Supply	220V/3HP/60Hz
Rated Heating Capacity	11.4kW
Rated Power Input	3.08kW
Max Rated Current	18.2A
Refrigerant	R32
Rated Water Temperature	55
Max Hot Water Temperature	60
Working Temperature	0-43
Water Pipe Size	3"
Noise Level	≤63dB(A)
Product Dimensions	700×420×1200mm
Net Weight	120kg

Testing condition: ambient Dry/Wet Bulb Temp: 20 / 15 ; Water Inlet/Outlet Temp: 15 / 55

Business Advantages

Meidibao commercial heat pumps provide year-round comfort for businesses and offices. These systems handle both heating and cooling needs while delivering significant energy savings.

- Dual-function system: heater and air conditioner in one efficient unit
- Substantial energy cost savings on utility bills
- Comprehensive selection of air source heat pumps available
- State-of-the-art technology for optimal performance
