

10HP Domestic Air Source Heat Pump Heating And Cooling High Efficiency

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXKS-35II-M1B(LRS)
- Minimum Order Quantity: 3 Units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 5 units one day

Product Specification

- Working Temp: -7 43
- Color: Dark Grey, OEM
- Application: Outdoor
- Feature: High Efficiency
- Place Of Origin: China
- Power: 380V~415V/50Hz/3ph
- Name: Heating And Cooling Heat Pump
- Highlight: **10HP Domestic Air Source Heat Pump, Domestic Air Source Heat Pump Heating And Cooling**

Product Description

10HP Air Source Heat Pump Domestic heating and cooling heat pump

Product Description:

Foshan Meidibao Electrical Appliance Co., Ltd. has been a manufacturer professionally specialized in research, development and production of Heat Pumps since 2005. Our well-equipped facilities and excellent quality control throughout all stages of production enables us to guarantee customer satisfaction.

heating and cooling heat pump Multi-function-cooling in summer-heating in winter

Feature:

1. High efficiency in both heating and cooling operations, providing energy savings.
2. Ability to maintain a stable indoor temperature environment.
3. Good heat transfer performance for quick and effective temperature regulation.
4. For example, a 5HP heat pump might be installed in a large commercial building or industrial facility where precise temperature control is crucial. It could efficiently heat the space during colder months and cool it during warmer periods, reducing the need for separate heating and cooling systems. In a residential setting, it could provide comfortable temperatures throughout a large home with multiple zones. The quiet operation would ensure a peaceful living environment. The advanced control system might allow users to schedule different temperature settings for different times of the day or week, maximizing energy efficiency.

Specification:

Product	Heating And Cooling Heat Pump
Model	KFXKS-35II-M1B(LRS)
Climatic type	Normal
Power supply	380V /50Hz
Rated heating capacity	34kW
Rated heating power	8.94kW
Rated cooling capacity	21.3KW
Rated cooling power	8.2kW
Max Rated current	22A
Refrigerant / Charge	R410/2900g×2
Rated heating water	55
Rated cooling water	7
Max hot water temp.	60
working temp	0-43
water pipe size	DN40
Noise	≤68dB(A)
Product dimension	1500*690*1060mm
Net weight	280kg

Advantages:

For example, a homeowner can benefit from the energy savings throughout the year, especially in regions with extreme climates. The ability to switch between heating and cooling easily makes it convenient for all seasons. The quiet operation ensures a peaceful living environment, and the independent temperature control gives occupants more control over their comfort. The reliable performance means less worry about breakdowns, and the space-efficient design is ideal for smaller homes or those with limited space for HVAC equipment.
