

## 10HP High Efficiency 380V~415V/50Hz/3ph Air Source Heat Pump for Domestic Heating and Cooling

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXKS-35II-M1B(LRS)
- Minimum Order Quantity: 3 Units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 5 units one day

### Product Specification

- Working Temp: -7 43
- Color: Dark Grey, OEM
- Application: Outdoor
- Feature: High Efficiency
- Place Of Origin: China
- Power: 380V~415V/50Hz/3ph
- Name: Heating And Cooling Heat Pump
- Highlight: **10HP Domestic Air Source Heat Pump, Domestic Air Source Heat Pump Heating And Cooling**

## Product Description

# 10HP Domestic Air Source Heat Pump Heating And Cooling High Efficiency

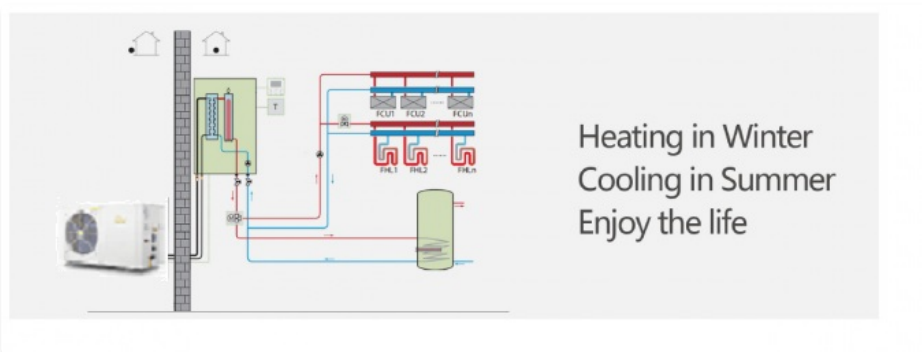

## Product Overview

10HP Air Source Heat Pump Domestic heating and cooling heat pump from Foshan Meidibao Electrical Appliance Co., Ltd., a manufacturer specializing in heat pump research, development and production since 2005. Our well-equipped facilities and excellent quality control ensure customer satisfaction.

Multi-function system providing cooling in summer and heating in winter for year-round comfort.

## Key Features

- High efficiency in both heating and cooling operations, providing energy savings
- Ability to maintain a stable indoor temperature environment
- Good heat transfer performance for quick and effective temperature regulation
- Ideal for large commercial buildings, industrial facilities, or residential settings requiring precise temperature control
- Quiet operation ensures peaceful living and working environments
- Advanced control system allows scheduling different temperature settings for maximum energy efficiency

## Technical Specifications

Product	Heating And Cooling Heat Pump
Model	KFXKS-35II-M1B(LRS)
Climatic type	Normal
Power supply	380V /50Hz
Rated heating capacity	34kW
Rated heating power	8.94kW
Rated cooling capacity	21.3KW
Rated cooling power	8.2kW
Max Rated current	22A
Refrigerant / Charge	R410/2900g×2
Rated heating water	55
Rated cooling water	7
Max hot water temp.	60
Working temp	0-43
Water pipe size	DN40

Noise	≤68dB(A)
Product dimension	1500*690*1060mm
Net weight	280kg

### Customer Benefits

Significant energy savings throughout the year, especially in regions with extreme climates

Easy switching between heating and cooling for convenient all-season comfort

Quiet operation ensures peaceful living environment

Independent temperature control gives occupants more control over their comfort

Reliable performance with minimal breakdowns

Space-efficient design ideal for smaller homes or limited HVAC equipment space
