

## 38KW Swimming Pool Air Source Heat Pump 3N/220V/60HZ Low Noise Operation

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D38AAS
- Minimum Order Quantity: 3 units
- Packaging Details: wooden frame or plywood box
- Delivery Time: 25-30days
- Payment Terms: T/T
- Supply Ability: 30 units one day

### Product Specification

- Name: Swimming Pool Air Source Heat Pump
- Heat Exchanger: PPR Shell Titanium Tube
- Use: Swimming Pool Or Culture
- Working Ambient Temperature: 0~43C
- Power Supply: 3N/220V/60Hz
- Refrigerant: R410
- Type: Air Source Heat Pump
- Highlight: **38KW Swimming Pool Air Source Heat Pump, Swimming Pool Air Source Heat Pump 3N, 220V Heat Pump Swimming Pool**

## Product Description

### 38KW 3N/220V/60Hz Power supply swimming pool air source heat pump

#### Product Description:

This heat pump is engineered to provide consistent and reliable heating for your pool, ensuring a comfortable swimming experience throughout the year. With a powerful 5HP capacity, it is capable of handling pools of various sizes with ease. The heat pump is also designed to be durable and withstand harsh outdoor conditions, ensuring long-term reliability.

Installation is straightforward, and its compact size makes it suitable for various pool setups. Additionally, the low-noise operation ensures that it doesn't disrupt your peaceful poolside moments.

Whether for residential or commercial swimming pools, this 38KW Swimming Pool Air Source Heat Pump is the perfect choice to keep your pool water at the desired temperature, allowing you to enjoy a refreshing swim whenever you desire.

#### Feature:

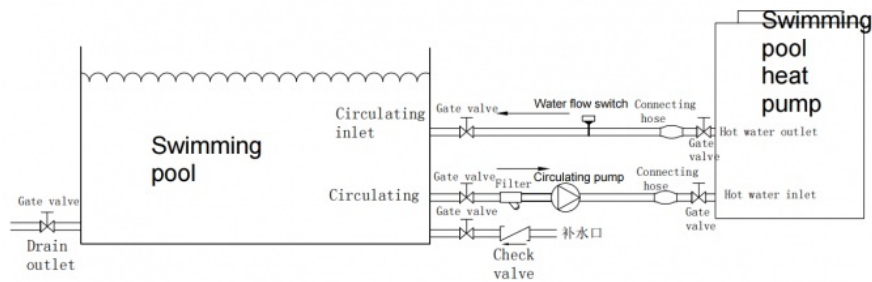

1. High power and efficiency: Capable of generating significant heating capacity to rapidly heat large swimming pools.
2. Intelligent control system: Allows for easy temperature setting and adjustment, and may have features like programmable schedules.
3. Durability: Constructed with robust materials to withstand harsh poolside conditions.
4. Low noise operation: Minimizes disturbance to swimmers and the surrounding area.
5. Quick heat transfer: Efficiently transfers heat to the pool water for a prompt temperature increase.
6. Versatile operation: Can function effectively in a wide range of ambient temperatures.

#### Specification:

Product	swimming pool heat pump
Model	M-D38AAS
Climatic type	Normal
Power supply	3N/220V/60Hz
Rated heating capacity	38kW
Rated power input	10.1kW
Max Rated current	40A
Refrigerant / Charge	R410/2600g×2
Rated water temp.	28
Max hot water temp.	50
water pipe size	4"
Noise	≤68dB(A)
Anti-electric shock rate	I
Protection grade	IP×4
