

10HP Air Source Swimming Pool Heat Pump 220V Heat Pump High Efficiency

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D38AAS-T
- Minimum Order Quantity: 3 units
- Price: negotiation
- Packaging Details: Factory standards
- Delivery Time: 25-30days
- Payment Terms: T/T
- Supply Ability: 30 units one day

Product Specification

- Heat Exchanger: 304 Shell Titanium Tube
- Working Ambient Temperature: 0~43C
- Power Supply: 3N/220V/60Hz
- Refrigerant: R410
- MAX Temp: 60
- Water Pipe Size: 1.5"
- Name: Swimming Pool Air Source Heat Pump
- Highlight: **10HP Air Source Swimming Pool Heat Pump, Air Source Swimming Pool Heat Pump 220V, 220V Heat Pump High Efficiency**

Product Description

10HP swimming pool air source heat pump A variety of sheet metal shells are available

Product Description:

This heat pump is engineered to provide efficient and reliable heating, ensuring that your pool water is always at a comfortable temperature, no matter the season. With a powerful 10HP capacity, it can effectively heat medium-sized swimming pools, delivering consistent performance.

The availability of various sheet metal shells not only adds to the aesthetic appeal but also offers durability and protection. You can choose the shell that best suits your pool's design and your personal preferences.

This heat pump operates quietly, allowing you to enjoy a peaceful swimming environment. It is energy-efficient, helping you save on electricity costs while reducing your carbon footprint.

Invest in this 10HP swimming pool air source heat pump and enjoy a warm and inviting pool throughout the year.

Feature:

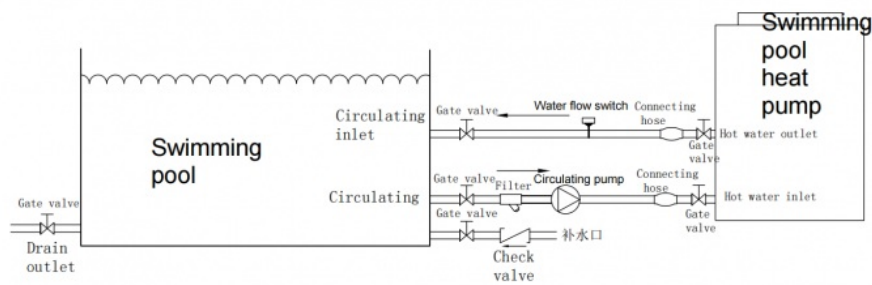

1. Customizable Shell Options: A range of sheet metal shells to choose from, enabling you to match the heat pump's appearance with your pool area's aesthetic or specific design requirements.
2. 304 shell Titanium tube heat high exchanger
3. Easy Installation: Comes with straightforward installation instructions and fittings, making the setup process hassle-free.
4. Low Maintenance: Requires minimal upkeep, saving you time and effort in the long run
5. Versatile Compatibility: Can be used with different types and sizes of swimming pools, offering flexibility in application.
6. Weather Resistance: Built to withstand various weather conditions, ensuring reliable performance throughout the year.

Specification:

Product	swimming pool heat pump
Model	M-D38AAS-T
Climatic type	Normal
Power supply	3N/220V/60Hz
Rated heating capacity	37.5kW
Rated power input	10.1kW
Max Rated current	40A
Refrigerant / Charge	R410/2600g×2
Rated water temp.	35
Max hot water temp.	60
water pipe size	1.5"
Noise	≤68dB(A)
Anti-electric shock rate	I
Protection grade	IP×4
