

50HP Four Systems High Efficiency Galvanized Steel Heating and Cooling Heat Pump

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXKS-175II-M1(LRS)
- Minimum Order Quantity: 1 Units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 5 units one day

Product Specification

- Place Of Origin: China
- Refrigerant Type: R410A
- Compressor: Scroll
- Material: Galvanized Steel
- Outlet Water Temp: Up To 60
- Size: 2200×2000×2300
- Name: Heating And Cooling Heat Pump
- Highlight: **50HP Heating Cooling Heat Pump,
Four Systems Heating Cooling Heat Pump,
High End Heating Cooling Heat Pump**

Product Description

50HP Four Systems High End Heating Cooling Heat Pump

The Meidibao 50HP Four Systems High-End Heating and Cooling Heat Pump is an advanced air source heat pump system powered by ambient air that operates continuously throughout the year, regardless of weather conditions.

This system provides continuous hot water with significant energy savings: operating costs are 67% less than gas water heaters, 75% less than electric water heaters, and 60% less than boilers. The intelligent control system automatically operates according to water tank temperature and user consumption patterns, eliminating the need for manual monitoring.

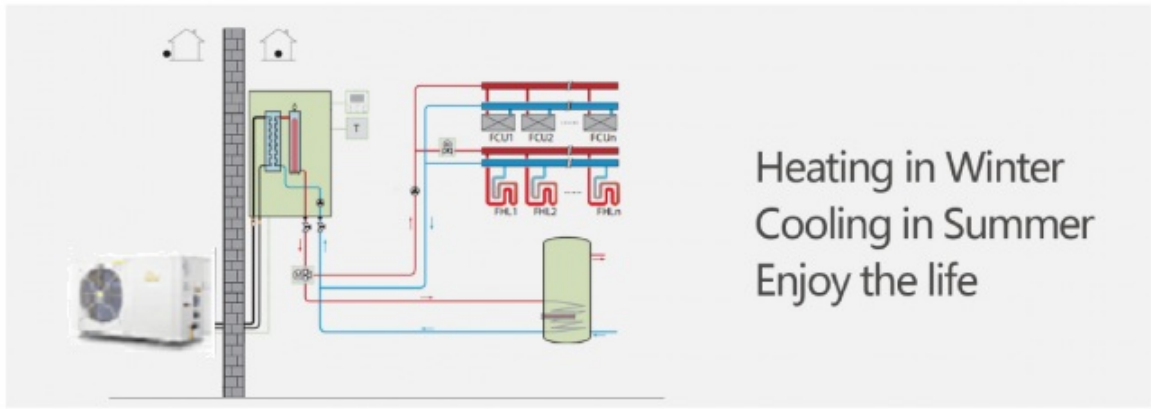

Key Features

- Four independent systems for enhanced reliability
- Advanced compressor technology for optimal performance
- Intelligent control system for automated operation
- High energy efficiency ratio (EER) reducing energy consumption and operating costs

Technical Specifications

| | |
|------------------------|-------------------------------|
| Product | Heating And Cooling Heat Pump |
| Model | KFXKS-175II-M1 (LRS) |
| Climatic type | Normal |
| Power supply | 380V /50Hz |
| Rated heating capacity | 175kW |
| Rated heating power | 47.25kW |
| Rated cooling capacity | 110KW |
| Rated cooling power | 55kW |
| Max Rated current | 125.8A |
| Rated heating water | 55 |
| Rated cooling water | 7 |
| Max hot water temp. | 60 |
| Working temp | 0-43 |
