

60P Environmentally Friendly Heat Pump 3N/380V/60Hz Air Source Pump For Swimming Pool

Our Product Introduction

for more products please visit us on airsource-heatingpump.com

Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D222AAS
- Minimum Order Quantity: 1 unit
- Packaging Details: wooden frame or plywood box
- Delivery Time: 25-30days
- Payment Terms: T/T
- Supply Ability: 3 units one day

Product Specification

- Material: 304 Stainless Steel
- Heat Exchanger: 304 Shell Titanium Tube
- Working Ambient Temperature: 0~43C
- Heating: 757464BTU
- Refrigerant: R410
- Body Size: 3600×2000×2300
- Name: Swimming Pool Air Source Heat Pump
- Highlight: **60P Environmentally Friendly Heat Pump, Environmentally Friendly Heat Pump 3N, 60Hz Air Source Pump For Swimming Pool**

Product Description

60P swimming pool air source heat pump 3N/380V/60Hz Power supply

Product Description:

A high-powered pool heat pump provides efficient heating for the swimming pool water, allowing for comfortable swimming temperatures even in cooler weather. This helps extend the swimming season and increases the usability of the pool. It is energy-efficient compared to traditional heating methods, reducing operating costs over time.

The air source technology makes it environmentally friendly as it consumes less electricity and produces fewer greenhouse gas emissions.

These heat pumps are also relatively easy to install and maintain. They have a long lifespan when properly maintained, providing reliable performance for many years.

Feature:

1. 304 shell titanium tube

2. 304 stainless steel body, anti-corrosion ability is stronger, placed in the sea strong corrosive places can be long life
3. use 304 shell titanium tube The highest water temperature can reach 60 degrees
4. Easy maintenance access

Specification:

Product	swimming pool heat pump
Model	M-D222AAS
Climatic type	Normal
Power supply	380V /60Hz
Rated heating capacity	222kW
Rated power input	60kW

Max Rated current	137A
Refrigerant / Charge	R410/5400g×6
Rated water temp.	35
Max hot water temp.	60
water pipe size	3"
Noise	≤86dB(A)
Anti-electric shock rate	I
Protection grade	IP×4
Product dimension	3600*200*2300mm
Net weight	1500kg
