

20HP Multifunction R410A Heating and Cooling Heat Pump for Commercial Use in Schools Hotels and Spas

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXKS-70II-M1(LRS)
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 50 SET one day

Product Specification

- Type: Air Source Heat Pump
- Function: Heating And Cooling
- Working Temp: -7 43
- Color: Dark Grey, OEM
- Application: Outdoor
- Hot Water Capacity: 1800 L/h
- Highlight: **School Heating Cooling System,
Hotel Heating Cooling System,
Spa Heating Cooling System**

20HP Multifunction Heating and Cooling System R410A Environmental Friendly For School Hotel Spa

Product Overview

Upgrade your facility's climate control with our **20HP Multifunction Heating and Cooling System**, designed for optimal performance, energy efficiency, and environmental sustainability. Ideal for schools, hotels, spas, and other commercial spaces, this system delivers year-round comfort while minimizing energy consumption and environmental impact.

Key Features

- **Versatile Heating and Cooling Solution** - Provides efficient heating and cooling, ensuring a comfortable environment in all seasons
- **20HP High-Capacity System** - Delivers powerful performance for medium to large-scale facilities
- **Eco-Friendly Refrigerant** - Utilizes R410A refrigerant with ozone-friendly properties
- **Energy Efficiency & Cost Savings** - Advanced technology with high COP for significant energy savings
- **Quiet Operation** - Engineered for low-noise operation with minimal disruption
- **Durable and Reliable** - Built with high-quality materials for long-term use
- **User-Friendly Control** - Intelligent digital controls with remote capabilities

Technical Specifications

Specification	Details
Product	Heating And Cooling Heat Pump
Model	KFXKS-70II-M1(LRS)
Climatic type	Normal
Power supply	380V /50Hz
Rated heating capacity	70kW
Rated heating power	18.9kW
Rated cooling capacity	46KW
Rated cooling power	20.9kW
Max Rated current	48A
Refrigerant / Charge	R410/3600g×4
Rated heating water	55
Rated cooling water	7
Max hot water temp.	60
Working temp	0-43
Water pipe size	DN65

Noise	≤71dB(A)
Product dimension	2000×1100×1960mm
Net weight	520kg

Key Advantages

- Energy efficiency: Significantly reduces energy consumption compared to traditional methods
- Versatility: Offers both heating and cooling functions in one unit
- Environmentally friendly: Produces fewer emissions and is more sustainable
- Cost savings: Lower energy bills due to efficient operation
- Quiet operation: Runs quietly, minimizing disturbance
- Space-saving: Consolidates heating and cooling into a single unit
- Fast response: Quickly adjusts temperature to meet desired settings
- Improved indoor air quality: Maintains proper humidity level and filters air
- Long lifespan: Lasts for many years with proper maintenance
- Easy to control: User-friendly controls for convenient operation

Ideal Applications

Schools: Create a conducive learning environment with stable climate control.

Hotels: Enhance guest comfort with efficient and quiet operation.

Spas: Maintain a relaxing atmosphere with precise temperature control.

Commercial Spaces: Meet diverse heating and cooling demands efficiently.
