

## 20HP Environmental Friendly Commercial Air Source Heat Pump with R32 Refrigerant for Heating and Cooling

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXKS-70II-M1(LRS)
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 50 SET one day

### Product Specification

- Hot Water Capacity: 1800 L/h
- Type: Air Source Heat Pump
- Use: Hotel, Hospital, Shopping Mall
- Working Temp: -7 43
- Color: Dark Grey, OEM
- Application: Outdoor
- Highlight: **20HP Commercial Air Source Heat Pump, School Commercial Air Source Heat Pump, Commercial Air Source Heat Pump**

# 20HP Environmental Friendly Commercial Air Source Heat Pump For Hotel School Mall Hospital

## Product Overview

Upgrade your facility's heating and hot water system with the **20HP Environmental-Friendly Air Source Heat Pump**, designed for commercial applications such as **hotels, schools, malls, hospitals, and other large-scale facilities**. This high-performance heat pump delivers powerful heating with **maximum energy efficiency and minimal environmental impact**, making it the perfect solution for sustainable and cost-effective temperature control.

## Key Features & Benefits

**High Heating Capacity (20HP)** - Delivers a powerful and consistent heat supply, ensuring optimal comfort for large buildings and facilities.

**Energy-Saving Technology** - Uses advanced inverter technology to reduce electricity consumption and lower operational costs.

**Eco-Friendly R32 Refrigerant** - Minimizes carbon footprint while providing superior heating efficiency.

**Smart Control System** - Equipped with an intelligent digital interface and optional Wi-Fi connectivity for remote monitoring and adjustments.

**Versatile Applications** - Perfect for space heating, domestic hot water supply, and commercial HVAC systems.

**Durable & Weather-Resistant** - Built with high-quality, corrosion-resistant materials for long-lasting performance in all climates.

**Quiet & Reliable Operation** - Designed with noise-reduction technology to ensure a comfortable and disturbance-free environment.

## Ideal Applications

**Hotels & Resorts** - Provides reliable heating and hot water supply for guest comfort.

**Schools & Universities** - Ensures a stable and energy-efficient heating solution for classrooms and dormitories.

**Shopping Malls & Office Buildings** - Maintains a comfortable indoor climate while lowering operational expenses.

**Hospitals & Healthcare Facilities** - Delivers consistent hot water and heating to meet hygiene and comfort needs.

## Technical Specifications

Product	Heating And Cooling Heat Pump
Model	KFXKS-70II-M1(LRS)
Climatic type	Normal
Power supply	380V /50Hz

Rated heating capacity	70kW
Rated heating power	18.9kW
Rated cooling capacity	46KW
Rated cooling power	20.9kW
Max Rated current	48A
Refrigerant / Charge	R410/3600g×4
Rated heating water	55
Rated cooling water	7
Max hot water temp.	60
Working temp	0-43
Water pipe size	DN65
Noise	≤71dB(A)
Product dimension	2000×1100×1960mm
Net weight	520kg

## Key Advantages

---

**Energy efficiency** - Significantly reduces energy consumption compared to traditional heating and cooling methods.

**Versatility** - Offers both heating and cooling functions in one unit, providing flexibility throughout the year.

**Environmentally friendly** - Produces fewer emissions and is a more sustainable option.

**Cost savings** - Lower energy bills over time due to its efficient operation.

**Quiet operation** - Runs quietly, minimizing disturbance to the environment.

**Space-saving** - Consolidates heating and cooling into a single unit, saving space.

**Fast response** - Can quickly adjust the temperature to meet the desired settings.

**Improved indoor air quality** - Helps maintain proper humidity levels and filters the air.

**Long lifespan** - With proper maintenance, can last for many years.

**Easy to control** - User-friendly controls for convenient operation and temperature management.
