

3HP Commercial Swimming Pool Air Source Heat Pump White Color Top Outlet

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXRS-9I-M5
- Minimum Order Quantity: 3units
- Price: negotiate a price
- Packaging Details: Factory standards
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 20 units one day

Product Specification

- Rated Heating Capacity: 3HP
- Waterproof Level: IP×4
- Working Ambient Temperature: 0~43C
- Advantage: Direct Heating
- Power Supply: 380V 3N /50Hz
- Name: Custom Swimming Pool Heat Pump
- Highlight: **3HP Commercial Air Source Heat Pump, Commercial Air Source Heat Pump**

Product Description

3HP Commercial Swimming Pool Air Source Heat Pump White Color Top Outlet

Product Description:

The **3HP Commercial Swimming Pool Air Source Heat Pump** is an energy-efficient and eco-friendly solution for maintaining a comfortable pool temperature year-round. Designed for **small to medium-sized commercial pools**, this unit provides reliable heating with **low operational costs**.

Key Features:

High Efficiency & Energy Savings – Utilizes advanced **heat pump technology** to deliver **stable heating** with **low energy consumption**.

3HP Output – Ideal for **commercial swimming pools**, spas, and aquatic centers.

Top Outlet Design – Enhances **airflow efficiency**, ensuring even heat distribution and space-saving installation.

Durable & Weather-Resistant – **White-coated exterior** provides **corrosion resistance**, suitable for outdoor use.

Eco-Friendly Performance – Uses an **environmentally friendly refrigerant**, reducing carbon footprint while delivering excellent heating capacity.

Quiet Operation – Advanced noise reduction technology ensures **silent performance**, perfect for poolside environments.

Easy Installation & Maintenance – Compact, lightweight design allows for **quick setup** and **hassle-free maintenance**.

With its **efficient performance, durable construction, and energy-saving benefits**, this **3HP air source heat pump** is an ideal choice for businesses looking to provide **consistent and cost-effective pool heating**.

Specification:

10KW Air Source Heat Pump		
Model:		KFXRS-9I-M5
Power supply:		220V /50Hz
Rated heating capacity:	kw	10
Rated power input:	kw	2.5
Rated current:	A	11.3
Max. power input:	kw	3.25
Max. current input:	A	14.7
Water heating capacity:	L/h	214
Refrigerant/charging volume:		R22/1400g
Max. exhaust pressure:	MPa	3.0MPa
Min. suction pressure:	MPa	0.05MPa
Rated hot water temp.:		55
Max. hot water temp.:		60
Water pipe size:		DN25
Noise level:	dB(A)	≤65dB(A)
Anti-electric shock rate		I
Protection grade:		IP×4
Dimensions:	mm	710×670×900
Net weight:	kg	100kg

Advantages:

1. High Energy Efficiency & Cost Savings

Uses **air source heat pump technology**, reducing energy consumption by up to **70% compared to traditional heating methods**.

Delivers **consistent and stable pool heating** while keeping operational costs low.

2. Powerful & Reliable Heating Performance

3HP capacity ensures fast and efficient water heating for **small to medium-sized commercial pools**.

Works in **various weather conditions**, providing stable performance throughout the year.

3. Durable & Weather-Resistant Design

White-coated exterior enhances **corrosion resistance**, making it ideal for **outdoor installation**.

Built to withstand **humidity, chlorine, and saltwater exposure**, ensuring a long lifespan.

4. Space-Saving & Optimized Airflow

Top outlet design improves **heat dissipation efficiency** and allows for **flexible installation** in limited spaces.

Maximizes **air circulation**, enhancing overall performance and reducing noise levels.

5. Quiet & User-Friendly Operation

Low-noise fan and compressor technology ensures a **peaceful swimming environment**.

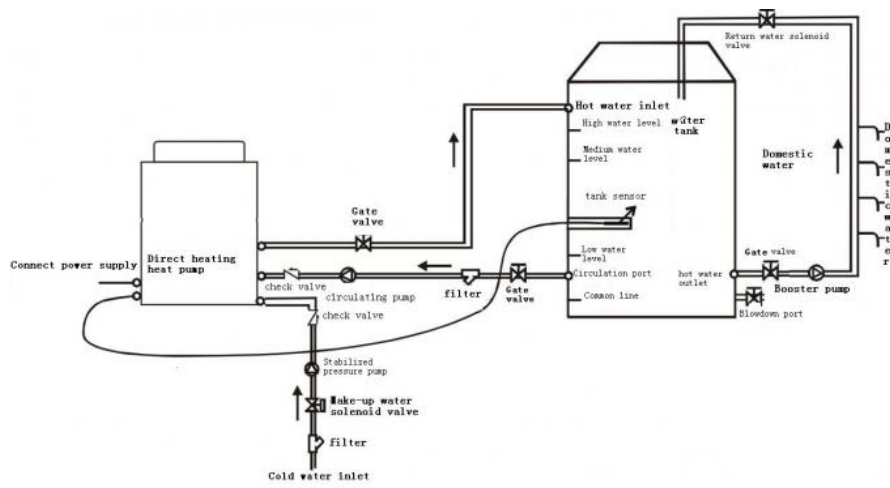

Simple control system for **easy temperature adjustments** and **hassle-free operation**.

6. Eco-Friendly & Sustainable

✓ Uses an **environmentally friendly refrigerant**, minimizing the unit's carbon footprint.

✓ Reduces reliance on fossil fuels, making it a **greener alternative** to traditional gas or electric heaters.

This **3HP swimming pool air source heat pump** is a perfect choice for **hotels, spas, schools, and fitness centers**, delivering **reliable, cost-effective, and energy-efficient pool heating**.
