

30P Popular Office Buildings Heating And Cooling Air Conditioner Air Source Heat Pumps

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: KFXRS-105II-M1
- Minimum Order Quantity: 2 units
- Price: negotiate a price
- Packaging Details: Factory standards
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 5 units one day

Product Specification

- Name: 30HP Water Heater
- Colour: Black,white,OEM
- Use: Water Heating
- Working Ambient Temperature: 0~43C
- Service: OEM
- Heat Exchanger: Shell In Coil
- Type: Commerical Air Source Heat Pump
- Highlight: **Cooling Air Source Heat Pumps,
30P Air Source Heat Pumps**

Product Description

30P Popular office buildings Heating and Cooling Air Conditioner Air Source Heat Pumps

Product Description:

The **30P Air Source Heat Pump** is designed to provide **powerful and reliable heating and cooling** for **office buildings, commercial spaces, and large facilities**. Using **renewable air energy**, this system ensures **energy-efficient climate control** while significantly reducing operational costs. Ideal for **year-round comfort**, it offers **stable performance in various weather conditions** and is an eco-friendly alternative to traditional HVAC systems.

Model:	KFXRS-105II-M1
Power supply:	380V~415V/3PH/50Hz
Working temperature:(°C)	-5~43
Min./Max hot water temperature:(°C)	55/60
Heating capacity output:	104 kw
Hot water flow:	2230L/h
Power input:	28.1 kw
Max Rated current:	64.5A
Compressor:	Scroll
Refrigerant:	R410A
Weight:	830kg
Dimension:(LxWxH)	2000*1100*1960mm

Feature:

Dual Function: Heating & Cooling
 Energy-Saving & Cost-Effective
 Designed for Large Office Spaces & Commercial Use
 Eco-Friendly & Sustainable
 Durable & Long-Lasting Performance
 Smart Control & Easy Integration

Applications:

Hotels & Resorts – Provides **high-volume hot water** for guest rooms, kitchens, and spa facilities.

Factories & Industrial Use – Ideal for **manufacturing plants, food processing, and large-scale operations**.

Hospitals & Healthcare Facilities – Ensures a **reliable and hygienic hot water supply** for medical needs.

Schools & Dormitories – Delivers **efficient hot water heating** for large residential buildings and campuses.

This **30HP Commercial Air Source Water Heater** is built for **high performance, reliability, and energy efficiency**, making it the **perfect solution for businesses looking to reduce energy costs while ensuring a continuous hot water supply**

Advantages:

1. Dual Function: Year-Round Comfort
2. High Energy Efficiency & Cost Savings
3. Large Capacity for Commercial Use
4. Eco-Friendly & Sustainable
5. Durable & Reliable Performance
6. Smart Control & Easy Integration
