

Monoblock Air To Water Heat Pump R32 R290 Low Noise Air Source Heating Cooling Heat Pump Monoblock

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: HKFXRS-18II-M2C
- Minimum Order Quantity: 6 units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 30 units one day

Product Specification

- Brand Name: MEIDIBAO
- Name: Monoblock Heat Pump
- Heat Exchanger: Shell In Coil
- Working Ambient Temperature: 0~43C
- Refrigerant: R134A
- Compressor: Panasonic
- Highlight: **R32 Air To Water Heat Pump,
Monoblock Air To Water Heat Pump,
R290 Air To Water Heat Pump**

Product Description

Meidibao Home Multi-Function air Source Heat Pump for Outdoor Use Floor Heating & Cooling

Description

The Monoblock Air to Water Heat Pump with R32/R290 refrigerant is a high-performance, energy-efficient solution for residential and commercial heating, cooling, and domestic hot water applications. Designed with advanced noise reduction technology and eco-friendly refrigerants, this unit offers quiet, reliable, and sustainable operation.

Feature:

1. Multi-Function System
2. Energy-Efficient Air Source Technology
3. High COP (Coefficient of Performance)
4. Quiet & Stable Operation
5. Smart Control System

Specification:

Product	Air source heat pump
Model	HKFXRS-18II-M2C
Climatic type	Normal
Power supply	380V/3HP/50Hz
Rated heating capacity	10kW
Rated power input	3.44kW
Max Rated current	13.25A
Refrigerant	R134A
Rated water temp.	75
Max hot water temp.	80
working temp	0-43
water pipe size	DN25
Noise	≤65dB(A)
Testing condition: ambient Dry/Wet Bulb Temp: 20 / 15 ;Water Inlet Outlet Temp: 15 / 55	

Why Choose This Heat Pump?

Energy-efficient & eco-friendly alternative to traditional heating systems
 Works efficiently even in extreme cold with EVI technology
 Reduces electricity bills with high COP and inverter control
 Perfect for homes needing a reliable heating, cooling & hot water solution
 Upgrade to sustainable, high-performance heating & cooling with our High COP EVI DC Inverter Heat Pump!

Applications:

Residential: Home heating and cooling with hot water supply.
 Commercial: Small offices, shops, and apartment buildings.
 Hospitality: Hotels, guesthouses, and resorts.
