

## Stainless Steel Casing Energy-Saving Low Noise Swimming Pool Heat Pump and Air Source Heat Pump

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D22ADH-220V
- Minimum Order Quantity: 6 units
- Price: negotiate a price
- Packaging Details: Factory standards
- Delivery Time: 25-30 work days
- Payment Terms: T/T
- Supply Ability: 20 units day

### Product Specification

- Brand Name: MEIDIBAO&OEM
- Name: Swimming Pool Heat Pump
- Place Of Origin: China
- Type: Inverter
- Operation Ambient Temp: -25~43
- Refrigerant Type: R410A
- Highlight: **Stainless Sheet Air Source Heat Pump, Swimming Pool Water Heater**

Product Description

Stainless Sheet Case Air Source Heat Pump Swimming Pool Water Heater

Product Overview

The Meidibao Stainless Sheet Case Air Source Heat Pump is a high-efficiency solution designed for swimming pool heating, offering reliable and energy-saving performance. With a durable stainless steel casing, it provides superior corrosion resistance and long-lasting durability, making it ideal for residential and commercial pools.

Key Features

- Efficient Pool Heating
- Stainless Steel Casing
- Energy-Saving Operation
- Stable Temperature Control
- Low Noise Design
- User-Friendly Digital Controller

Technical Specifications

|                                   |                                   |
|-----------------------------------|-----------------------------------|
| Product                           | EVI Heating And Cooling Heat Pump |
| Model                             | M-D22ADH-220V                     |
| Power Supply                      | 1N 220V 50HZ                      |
| Rated Heating Capacity (A7 W45)   | 22.7kW                            |
| Rated Heating Power               | 6.67kW                            |
| Rated Heating Capacity (A-7 W41)  | 16.6KW                            |
| Rated Heating Power (A-7 W41)     | 6.37KW                            |
| Rated Cooling Capacity (A-12 W41) | 14.5KW                            |
| Rated Cooling Power               | 5.8kW                             |
| Max Rated Current                 | 34.1A                             |
| Refrigerant / Charge              | R410/2800g                        |
| Water Pipe Size                   | DN25                              |
| Noise                             | ≤68dB(A)                          |
| Product Dimension                 | 1120×510×1275mm                   |
| Net Weight                        | 137kg                             |

Why Choose Meidibao?

- Energy-efficient heating with inverter technology
- Reliable and consistent water temperature for pools and spas
- Quiet operation for a comfortable swimming experience
- Long-lasting, weather-resistant design for outdoor use
