

R410a OEM 380V Smart Controlled Commercial Inverter Swimming Pool Heat Pump

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: DKFXRS-210II-M1
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Air Souce Heat Pump
- Application: Outdoor Swimming Pool
- Origin: Guangdong Province China
- Working Temp: -35 43
- Type: Inverter
- Color: White, Dark Grey, OEM
- Highlight: **R410a Swimming Pool Heat Pump, Commercial Inverter Swimming Pool Heat Pump**

Product Description

Meidibao Hot Sales R410a OEM 380V Smart Controlled Commercial Inverter Swimming Pool Heat Pump

The Meidibao R410A Commercial Inverter Swimming Pool Heat Pump is a premium heating and cooling solution designed for large pools in hotels, resorts, gyms, and schools. With smart control technology and high energy efficiency, it offers a reliable and eco-friendly way to maintain optimal pool temperatures year-round.

Key Features

OEM Customization Available

– Flexible branding and specifications to meet your market needs.

High Efficiency DC Inverter Technology

– Adjusts output based on real-time demand, saving energy and extending compressor life.

Smart Control System

– Equipped with intelligent microcomputer controller or optional Wi-Fi app for convenient remote operation.

Stable Operation with R410A Refrigerant

– Eco-friendly refrigerant with excellent performance and low global warming potential.

380V 3-Phase Power Supply

– Ensures consistent and powerful performance for commercial-scale use.

Quiet & Low-Vibration Design

– Special noise-reduction features make it ideal for residential or hospitality environments.

Durable Construction

– Anti-corrosion cabinet (galvanized or stainless steel optional), suitable for outdoor installation.

Wide Operating Temperature Range

– Designed to perform efficiently in varying climates with automatic defrost protection.

Why Choose the Meidibao 60P Full Inverter Heat Pump?

Massive heating capacity for commercial and industrial applications

Full inverter technology for energy savings and precise temperature control

Eco-friendly, low-noise, and cost-effective operation

Built for long-term durability and reliability

Specification:

Product	EVI air source heat pump (hot water) unit
Model	DKFXRS-210II-M1
Power supply	380V /50Hz
Rated heating capacity(20 /15)	210kW
Rated heating power	48kW
Rated heating capacity (7 /6)	147KW
Rated heating power	42KW
Rated cooling capacity((-12 /-14)	88KW
Rated cooling power	38kW
Max Rated current	130A
Refrigerant / Charge	R410/7500g×4
water pipe size	DN80
Noise	≤78dB(A)
Product dimension	2300×1300×2370mm
Net weight	1500kg

Applications

Schools: Reliable hot water for dormitories, kitchens, and gymnasiums.

Hotels: Consistent hot water supply for guest rooms, spas, and laundry facilities.

Malls: Centralized hot water system for restrooms and food courts.

Other Commercial Spaces: Perfect for factories, office buildings, and healthcare facilities requiring large-scale water heating.
