

Heat Pump Water Heaters Monoblock Air Source Heat Pump Heating Cooling

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: HKFXRS-18II-M2C
- Minimum Order Quantity: 6 units
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 30 units one day

Product Specification

- Name: Monoblock Heat Pump
- Brand Name: MEIDIBAO
- Heat Exchanger: Shell In Coil
- Working Ambient Temperature: 0~43C
- Compressor: Panasonic
- Refrigerant: R410A
- Highlight: **Monoblock Water Heaters,
Monoblock Air Source Heat Pump,
Heating Cooling Monoblock Heat Pump**

Product Description

Meidibao Heat Pump Water Heaters Monoblock Air Source Heat Pump Heating Cooling

Description

The Meidibao monoblock air source heat pump offers an all-in-one solution for both space heating and domestic hot water. Designed with advanced DC inverter technology, it provides stable performance, high energy efficiency, and quiet operation. Perfect for residential and light commercial applications, this unit seamlessly switches between heating and cooling modes to ensure year-round comfort.

Feature:

Monoblock design: Easy installation with integrated components

Heating & cooling function: All-season performance

DC inverter compressor: High efficiency and energy savings

Environmentally friendly R410A refrigerant

Low-noise operation: Ideal for home environments

Reliable performance: Designed for stable output in various climates

Specification:

Product	Air source heat pump
Model	HKFXRS-18II-M2C
Climatic type	Normal
Power supply	380V/3HP/50Hz
Rated heating capacity	10kW
Rated power input	3.44kW
Max Rated current	13.25A
Refrigerant	R134A
Rated water temp.	75
Max hot water temp.	80
working temp	0-43
water pipe size	DN25
Noise	≤65dB(A)
Testing condition: ambient Dry/Wet Bulb Temp: 20 / 15 ; Water Inlet Outlet Temp: 15 / 55	

Why Choose This Heat Pump?

Energy-efficient & eco-friendly alternative to traditional heating systems

Works efficiently even in extreme cold with EVI technology

Reduces electricity bills with high COP and inverter control

Perfect for homes needing a reliable heating, cooling & hot water solution

Upgrade to sustainable, high-performance heating & cooling with our High COP EVI DC Inverter Heat Pump!
