

## Energy-Saving Air Conditioner with 8500 Capacity, Environmental Protection, and Modular Design for Commercial Use

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: M-D08AAH
- Minimum Order Quantity: 6 unit
- Price: 1590-1700USD/SET
- Packaging Details: PLT
- Delivery Time: 30~40days
- Payment Terms: T/T, Western Union
- Supply Ability: 100 sets

### Product Specification

- Rated Heating Capacity: 8500
- Rated Input Power: 2230
- Rated Current: 10
- Weight: 58
- Dimension: 955\*305\*565
- Highlight: **Wallet And Planet Air Conditioners, 8500 Capacity Air Conditioners**

## Energy-Saving Air Conditioners 8500 Capacity Environmental Protection

### Double Benefits Are Coming!

Energy-Saving Air Conditioners Protect Your Wallet And The Planet. Limited-Time Purchase Available.

### About Our Company

Guangdong Foshan Meidibao Electrical Appliance Co., Ltd was established in 2005. As a professional manufacturer of heat pumps, we are also an original equipment manufacturer for non-standard customized solutions for industry peers. In 2009, the multi-functional heat pump was successfully developed and marketed. After extensive market verification, our product quality has remained stable, and the technology has become increasingly mature.

### Key Features

- Modular design for convenient installation and maintenance
- Suitable for large commercial spaces including office buildings and shopping malls
- Cluster control function for unified management of multiple air conditioners
- Intelligent load allocation through background system
- Reduces peak power consumption pressure
- Significant electricity cost savings - over 50,000 yuan annually for 1,000 office space
- Stable operational performance reduces equipment failure rates
- Extended service life saves operation and maintenance costs

### Technical Specifications

Parameter	Unit	Value
Model	unit	M-D03AAH
Power Supply	P/V/HZ	1/230/50
Rated Heating Capacity	W	8500
Rated Input Power	W	2230
Rated Current	A	10
Heat Water Volume	L/H	182
Max Input Power	W	2900
Max Input Current	A	14
Refrigerant Charging Volume	G	R410A/1400
Max Exhaust Pressure	MPa	4.2
Minimum Suction Pressure	MPa	0.05
Rated Outlet Water Temperature		55
Max Outlet Water Temperature		60
Noise Level	db(A)	60

Net Dimension	MM	855*305*565
Net Weight	KG	58

### Smart Advantages

- Remote control via mobile phone APP for pre-cooling/heating
- Voice assistant support for hands-free temperature and wind speed adjustment
- Intelligent scene mode automatically switches operation parameters
- Sleep mode automatically adjusts lighting, wind speed, and temperature for optimal comfort
- High-end models feature AI learning capabilities to analyze usage habits
- Proactive optimization of operation strategies for energy conservation and comfort balance
