

## Instant Hot Water In 30s Direct Heating Heat Pump For Hotels World Class Compressors 50% Energy Savings

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-03HZ
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

### Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 820\*690\*880
- Weight: 133
- Highlight: **Energy Savings Heat Pump, Hotels Heat Pump, 30s Direct Heating Hot Water Heat Pump**

## Product Description

Instant Hot Water In 30s! Direct - Heating Heat Pump For Hotels — World - Class Compressors, 50% Energy Savings

Product description:

Foshan Meidibiao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

### Key Features:

- Designed for hotels and resorts.
- World - famous compressors ensure stable operation, while high - efficiency heat exchangers maximize heat exchange efficiency.
- Achieves one - step domestic hot water supply—ready to use within 30 seconds after switching on.
- Direct water generation with circular thermal insulation guarantees safe operation.
- Multiple safeguard functions enable all - climate, round - the - clock operation to satisfy various user requirements.

Specification:

MODEL	unit	KFYRS-18II
Factory Model Number		MDB-05HZ
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	/	220V 1N
Rated Heating Capacity	kw	10.1
Nominal Input Power	kw	2.6
Maximum Operating Current	A	8
Hot Water Output	L/H	200
Refrigerant	/	R22
Air Outlet Mode	/	Push out the wind
Protection Class	/	IPX4
Outlet Water Temperature	/	28-60
Inlet and Outlet Port Type	MM	DN20
Noise	DB(A)	≤50
Dimensions	MM	820*690*880
Weight	KG	133

**Advantages:**The direct heating mode enables the heat pump to generate hot water rapidly, instantly satisfying hot water demands and enhancing user comfort. Leveraging efficient heat pump technology, it saves more than 50% energy compared to traditional heating methods, significantly reducing operating expenses. Fitted with internationally renowned compressors, it ensures stable performance with low - noise operation. The intelligent circulating heat preservation system maintains a constant water temperature, preventing energy waste caused by repeated heating. With multiple protection functions against overheating, overpressure, and freezing, it operates safely around the clock. Suitable for various hotel scenarios, it effortlessly handles both daily and peak water usage. By utilizing clean thermal energy, it reduces carbon emissions, fulfilling corporate environmental responsibilities. Its long - term low cost and high return on investment make it a wise choice for hotel hot water equipment.
