

Direct Heating Heat Pump Delivers Instant Hot Water with High Efficiency for All Weather Operation

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-05HZ
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 820*690*1080
- Weight: 133
- Highlight: **Safe Direct Heating Heat Pump, Efficient Direct Heating Heat Pump, Hot Water Direct Heating Heat Pump**

Direct Heating Heat Pump for Hotels

Experience immediate warmth with our direct-heating heat pump that delivers stable, efficient, and safe hot water specifically designed for hotel applications.

About Our Company

Foshan Meidibiao Electrical Appliance Co., Ltd., established in 2005, specializes in the research, development, and production of heat pumps. With high-quality products and excellent customer service, we have received great praise in markets worldwide and established a global sales network covering Europe, North America, and South Africa. We are committed to exceeding industry standards in both technological innovation and service provision.

Key Features

- Ideal for hotels and inns
- Incorporates globally renowned compressors for stable performance
- High-efficiency heat exchangers for optimal heat transfer
- Delivers instant domestic hot water - available 30 seconds after startup
- Direct water production with circulating heat preservation
- Multiple protection features for all-weather operation 24/7

Technical Specifications

Specification	Unit	KFYRS-18II
Factory Model Number		MDB-10HZ
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	/	380v 3N-50HZ
Rated Heating Capacity	kw	36
Nominal Input Power	kw	9
Maximum Operating Current	A	24
Hot Water Output	L/H	720
Refrigerant	/	R22
Air Outlet Mode	/	Push out the wind
Protection Class	/	IPX4
Outlet Water Temperature	/	28-60
Inlet and Outlet Port Type	MM	DN25
Noise	DB(A)	≤55
Dimensions	MM	1360*750*1360
Weight	KG	265

Product Advantages

Instant Hot Water: Direct heating mode eliminates traditional waiting time, instantly producing hot water to boost customer satisfaction.

High Efficiency: Advanced heat pump technology consumes less energy with an energy efficiency ratio several times higher than ordinary equipment.

Reliable Performance: World-famous compressors and high-efficiency heat exchangers ensure stable operation with powerful heating performance.

Constant Temperature: Intelligent circulating heat preservation function maintains consistent water temperature for comfortable hot water anytime.

Safety Assurance: Comprehensive protection against electric leakage and dry burning ensures worry-free operation.

All-Weather Operation: Adapts to different ambient temperatures, operating stably in all climates to meet diverse hotel needs.

Environmental Benefits: Uses renewable energy to reduce carbon emissions, conforming to environmental trends.

Cost Effective: Long-term use saves significant electricity bills with low maintenance costs and remarkable return on investment.
