

## Experience Immediate Warmth! Our Direct - Heating Heat Pump Delivers Stable, Efficient & Safe Hot Water For Hotels

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-05HZ
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

#### Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 820\*690\*1080
- Weight: 133

## Product Description

Experience Immediate Warmth! Our Direct - Heating Heat Pump Delivers Stable, Efficient & Safe Hot Water For Hotels

### Product description:

Foshan Meidibao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

### Key Features:

- Ideal for hotels and inns.
- Incorporates globally renowned compressors for stable performance and efficient heat exchangers for optimal heat transfer.
- Delivers instant domestic hot water—high - quality water available 30 seconds after startup.
- Direct water production with circulating heat preservation ensures worry - free use.
- Equipped with multiple protection features, operating in all weather conditions 24/7 to meet personalized needs.

### Specification:

|                                |       |                   |
|--------------------------------|-------|-------------------|
| MODEL                          | unit  | KFYRS-18II        |
| Factory Model Number           |       | MDB-10HZ          |
| Applicable Ambient Temperature | °C    | -7-43             |
| Power Supply Specification     | /     | 380v 3N-50HZ      |
| Rated Heating Capacity         | kw    | 36                |
| Nominal Input Power            | kw    | 9                 |
| Maximum Operating Current      | A     | 24                |
| Hot Water Output               | L/H   | 720               |
| Refrigerant                    | /     | R22               |
| Air Outlet Mode                | /     | Push out the wind |
| Protection Class               | /     | IPX4              |
| Outlet Water Temperature       | /     | 28-60             |
| Inlet and Outlet Port Type     | MM    | DN25              |
| Noise                          | DB(A) | ≤55               |
| Dimensions                     | MM    | 1360*750*1360     |
| Weight                         | KG    | 265               |

**Advantages:**The direct heating mode breaks the traditional waiting time, instantly producing hot water and boosting customer satisfaction. Adopting high - efficiency heat pump technology, it consumes less energy and has an energy efficiency ratio several times higher than ordinary equipment. Paired with world - famous compressors and high - efficiency heat exchangers, it operates stably with powerful heating performance. The intelligent circulating heat preservation function keeps the water temperature constant, providing comfortable hot water at any time. With comprehensive safety protection against electric leakage and dry burning, it ensures worry - free use. It adapts well to different ambient temperatures, operating stably in all climates to meet diverse hotel needs. By using renewable energy, it reduces carbon emissions, conforming to environmental trends. Long - term use saves a significant amount of electricity bills, and with low maintenance costs, the return on investment

is remarkable.
