

## EcoHeat Pro Series High Efficiency Hot Water Heat Pump with Quick Heating and Southern Climate Adaptation

Our Product Introduction

for more products please visit us on [airsource-heatingpump.com](http://airsource-heatingpump.com)

### Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: KFXRS-9I-M1C
- Minimum Order Quantity: 6 unit
- Price: 530~580 USD
- Packaging Details: PLT
- Delivery Time: 30~40days
- Payment Terms: T/T
- Supply Ability: 100 sets

### Product Specification

- Power Supply: 1/220V/60Hz Or 50Hz
- Compressor: Rotary
- Air Side Heat Exchanger: Finned Radiator
- Maximum Hot Water Temperature: 60
- Rated Cold Water Temperature: 12
- Highlight: **Comfort Heat Pump,  
Comfort Southern Hot Water Heat Pump,  
Efficient Southern Hot Water Heat Pump**

## EcoHeat Pro Series Southern Hot Water Heat Pumps

### Product Overview

EcoHeat Pro Series: Southern Hot Water Heat Pumps For Efficient Comfort

Guangdong Foshan Meidibao Electrical Appliance Co., Ltd was established in 2005. As a professional manufacturer of heat pumps, we also serve as an original equipment manufacturer for non-standard customized solutions for industry peers. In 2009, our multi-functional heat pump was successfully developed and marketed. After extensive market verification, the product quality has remained stable, and the technology has become increasingly mature.

### Key Features

**High Efficiency & Energy Saving:** Utilizing advanced heat pump technology with energy efficiency ratios far exceeding traditional water heaters, significantly reducing energy consumption and usage costs.

**Quick Heating:** Equipped with a powerful compressor that produces large amounts of hot water quickly, meeting continuous usage needs for entire families.

**Southern Climate Adaptation:** Designed specifically for high-humidity and rainy southern environments with moisture-proof and corrosion-resistant construction for stable, reliable operation.

**Intelligent Temperature Control:** Precise temperature control system ensures minimal water temperature fluctuations for comfortable, constant-temperature hot water experience.

**Environmental Protection:** Zero pollution emissions with reduced carbon footprint, contributing to green home living.

### Technical Specifications

Specification	Unit	Value
Model	unit	KFXRSG-09I-M1C
Factory Model Number		MDB-03X
Applicable Ambient Temperature	°C	-50
Power Supply Specification	/	220V/50HZ
Rated Heating Capacity	kw	6.8
Nominal Input Power	kw	1.73
Maximum Operating Current	A	10.1
Hot Water Output	L/H	145
Refrigerant	/	R22
Air Outlet Mode	/	side air discharge
Protection Class	/	IPX4
Outlet Water Temperature	/	28-60
Inlet and Outlet Port Type	MM	External Threads
Noise	DB(A)	≤65
Dimensions	MM	950*300*565
Weight	KG	62

### Product Advantages

The Southern hot water machine series heat pump adopts advanced heat pump technology with energy efficiency far exceeding traditional water heaters, significantly reducing energy consumption and costs. Equipped with a powerful compressor, it quickly produces large amounts of hot water to meet continuous usage needs for whole families. Designed for high-humidity and rainy southern environments, it features moisture-proof, corrosion-resistant construction and operates stably. The precise temperature control system provides constant-temperature hot water experience while achieving zero pollution emissions, contributing to green home living.
