

EcoHeat Pro Series: Southern Hot Water Heat Pumps For Efficient Comfort

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: KFXRS-9I-M1C
- Minimum Order Quantity: 6 unit
- Price: 530~580 USD
- Packaging Details: PLT
- Delivery Time: 30~40days
- Payment Terms: T/T
- Supply Ability: 100 sets

Product Specification

- Power Supply: 1/220V/60Hz Or 50Hz
- Compressor: Rotary
- Air Side Heat Exchanger: Finned Radiator
- Maximum Hot Water Temperature: 60
- Rated Cold Water Temperature: 12

Product Description

EcoHeat Pro Series: Southern Hot Water Heat Pumps For Efficient Comfort

Product Description:

Guangdong Foshan Meidibao Electrical Appliance Co.,Ltd was established in 2005. As a professional manufacturer of heat pumps, it is also a original equipment manufacturer for non-standard customized solutions for Industry Peers. In 2009, the multi-functional heat pump was successfully developed and marketed. After extensive market verification, the product quality has remained stable, and the technology has become increasingly mature.

Feature:

1. High efficiency and energy saving: Utilizing advanced heat pump technology, its energy efficiency ratio far exceeds that of traditional water heaters, significantly reducing energy consumption and usage costs.
2. Quick heating: Equipped with a powerful compressor, it can produce a large amount of hot water in a short time, meeting the continuous usage needs of the entire family.
3. Adapt to southern climate: Designed for the high-humidity and rainy environment in the south, it is moisture-proof and corrosion-resistant, and operates stably and reliably.
4. Intelligent temperature control: The precise temperature control system ensures small water temperature fluctuations, providing a comfortable and constant-temperature hot water experience.
5. Environmental protection and low carbon: Zero pollution emissions, reduced carbon emissions, and contributing to a green home life.

Specification:

| | | |
|--------------------------------|-------|--------------------|
| MODEL | unit | KFXRSG-09I-M1C |
| Factory Model Number | | MDB-03X |
| Applicable Ambient Temperature | °C | -50 |
| Power Supply Specification | V | 220V/50HZ |
| Rated Heating Capacity | kw | 6.8 |
| Nominal Input Power | kw | 1.73 |
| Maximum Operating Current | A | 10.1 |
| Hot Water Output | L/H | 145 |
| Refrigerant | V | R22 |
| Air Outlet Mode | V | side air discharge |
| Protection Class | V | IPX4 |
| Outlet Water Temperature | V | 28-60 |
| Inlet and Outlet Port Type | MM | External Threads |
| Noise | DB(A) | ≤65 |
| Dimensions | MM | 950*300*565 |
| Weight | KG | 62 |

Advantages:

The Southern hot water machine series heat pump adopts advanced heat pump technology, with energy efficiency far exceeding that of traditional water heaters, significantly reducing energy consumption and costs. Equipped with a powerful compressor, it can quickly produce a large amount of hot water to meet the continuous usage needs of the whole family. Designed for the high-humidity and rainy environment in the south, it is moisture-proof, corrosion-resistant and operates stably. The precise temperature control system provides a constant-temperature hot water experience while achieving zero pollution emissions, contributing to a green home life.
