

Southern Comfort Heat Pumps: Hot Water Solutions With Energy-Saving Technology

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: meidibao
- Certification: CE
- Model Number: KFXRS-9I-M5
- Minimum Order Quantity: 6 unit
- Price: 530~580 USD
- Packaging Details: PLT
- Delivery Time: 30~40days
- Payment Terms: T/T
- Supply Ability: 100 sets

Product Specification

- Power Supply: 220V/50Hz
- Compressor: Rotary
- Air Side Heat Exchanger: Finned Radiator
- Maximum Hot Water Temperature: 60
- Rated Cold Water Temperature: 12

Product Description

Southern Comfort Heat Pumps: Hot Water Solutions With Energy-Saving Technology

Product Description:

Guangdong Foshan Meidibao Electrical Appliance Co.,Ltd was established in 2005. As a professional manufacturer of heat pumps, it is also a original equipment manufacturer for non-standard customized solutions for Industry Peers. In 2009, the multi-functional heat pump was successfully developed and marketed. After extensive market verification, the product quality has remained stable, and the technology has become increasingly mature.

Feature:

1. All-weather operation: Even in the cold and damp winter in the south, it can still heat efficiently and provide continuous hot water.
2. Silent design: Optimized noise reduction technology, with operating noise as low as 35 decibels, does not interfere with daily life.
3. Safety Protection: Equipped with multiple safety measures such as leakage protection and overpressure protection, it ensures worry-free use.
4. Flexible installation: Compact in size, it can adapt to various installation environments and save space.
5. Remote control: Supports intelligent control via mobile phone APP, allowing for remote reservation of hot water, which is convenient and convenient.

Specification:

MODEL	unit	KFXRSG-09I-M5
Factory Model Number		MDB-03-1
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	/	220V/50HZ
Rated Heating Capacity	kw	9.8
Nominal Input Power	kw	2.39
Maximum Operating Current	A	14
Hot Water Output	L/H	210
Refrigerant	/	R22
Air Outlet Mode	/	side air discharge
Protection Class	/	IPX4
Outlet Water Temperature	/	28-60
Inlet and Outlet Port Type	MM	External Threads
Noise	DB(A)	≤65
Dimensions	MM	710*670*900
Weight	KG	100

Advantages:

This series of heat pumps is specially designed for the climate in the south. Even in the cold and damp winter, they can provide efficient heating all day long without interruption of hot water. Optimize the noise reduction technology, with the operating noise as low as 35 decibels, which does not disturb life. Equipped with multiple safety protections such as leakage and overpressure, it is safe to use. Compact in size, flexible in installation and space-saving; Supports remote control via mobile phone APP, making it convenient and easy to reserve hot water.
