

AquaWarm Southern Collection: High-Performance Heat Pumps For Hot Water Needs

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-25H
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Meidibao Heat Pump
- Type: Inverter
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 2000*1100*1960
- Weight: 640

SouthPump Elite: Premium Heat Pumps Delivering Reliable Hot Water Year-Round

Product description:
Foshan Meidibiao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

- Key Features:**
- 1. Rapid heating: The high-efficiency circulation system increases the hot water production rate by 30%, providing hot water immediately upon opening.
 - 2. Intelligent energy conservation: Based on water usage habits, it automatically learns and optimizes the operation mode to reduce energy consumption.
 - 3. Anti-corrosion and durable: The body is coated with a special anti-corrosion layer, which is suitable for the humid climate in the south and ensures long-lasting durability.
 - 4. Safety Protection: Equipped with multiple protection mechanisms such as anti-dry burning, anti-over-temperature, and anti-electric leakage.
 - 5. Economical and practical: One-time investment, long-term benefits, energy-saving and cost-effective hot water solution.

Specification:

| | | |
|--------------------------------|-------|-------------------|
| MODEL | unit | KFYRS-87II-M11 |
| Factory Model Number | | MDB-25H |
| Applicable Ambient Temperature | °C | -7-43 |
| Power Supply Specification | / | 380v 3N-50HZ |
| Rated Heating Capacity | kw | 87.3 |
| Nominal Input Power | KW | 18.5 |
| Maximum Operating Current | A | 47.1 |
| Hot Water Output | L/H | 1880 |
| Refrigerant | / | R410A |
| Air Outlet Mode | / | Push out the wind |
| Protection Class | / | IPX4 |
| Outlet Water Temperature | / | 28-60 |
| Inlet and Outlet Port Type | MM | DN65 |
| Noise | DB(A) | ≤74 |
| Dimensions | MM | 2000*1100*1960 |
| Weight | KG | 640 |

Advantages:The high-efficiency circulation system increases the hot water production rate by 30%, providing hot water immediately upon opening. Intelligently learn users' water usage habits and automatically optimize the operation mode to save energy and reduce consumption. The special anti-corrosion coating is suitable for the humid climate in the south and is durable. Multiple protection mechanisms such as anti-dry burning, anti-over-temperature and anti-electric leakage ensure safety. One-time investment, long-term energy conservation and cost savings, economical and practical.
