

Smart WiFi-Enabled Swimming Pool Heat Pump System Remote Control Via App High COP Low Noise For Indoor / Outdoor Pools & Spa Heating

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-15HP
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 1500*690*1060
- Weight: 320
- Highlight: **Smart Swimming Pool Heat Pump System, Indoor Swimming Pool Heat Pump System**

Product Description

Smart WiFi-Enabled Swimming Pool Heat Pump System - Remote Control via App, High COP (Coefficient of Performance), Low Noise, Ideal for Indoor/Outdoor Pools & Spa Heating

Product description:

Foshan Meidibiao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

Key Features:

1. Multi-scenario adaptability: Suitable for all kinds of swimming pools on the ground, underground, indoor and outdoor, as well as SPA pools, hot spring pools, etc.
2. Remote control: Supports remote control via mobile APP or WiFi, allowing you to adjust water temperature and turn on/off devices anytime and anywhere.
3. Diverse modes: It offers multiple operation modes such as rapid heating, energy-saving mode, and constant temperature mode to meet different needs.
4. Integrated design: Built-in intelligent controller, no need to install additional complex control systems. Easy to install and intuitive to operate.

Specification:

MODEL	unit	YKFXRS-42II-M3
Factory Model Number		MDB-12HP
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	✓	380V 3N/50HZ
Rated Heating Capacity	kw	61.6
Nominal Input Power	kw	12.3
rated supply voltage	A	28.3
Maximum water pressure	mpa	26.4
Refrigerant	✓	R22
Air Discharge Mode	✓	Top Air Discharge
Noise	DB(A)	≤71
Dimensions	MM	1500*690*1060
Weight	KG	320

Advantages:Whether it's above-ground or underground swimming pools, or indoor and outdoor SPA pools and hot spring pools, swimming pool heat pumps can be perfectly adapted. Control the water temperature and the on/off of the equipment remotely via the mobile APP or WiFi at any time and anywhere. With diverse modes such as rapid heating, energy saving and constant temperature, it meets the needs of different scenarios. The integrated intelligent controller eliminates the complex installation process, is easy and intuitive to operate, and truly realizes a convenient, efficient and multi-functional one-stop swimming pool heating experience.
