

. Advanced Inverter Technology Swimming Pool Heat Pump - Titanium Heat Exchanger for Corrosion Resistance, Ultra-Quiet Operation with Auto-Defrost Function for Residential & Commercial Pools

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-20HP
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 2000*1100*1960
- Weight: 520

Product Description

Smart WiFi-Enabled Swimming Pool Heat Pump System - Remote Control via App, High COP (Coefficient of Performance), Low Noise, Ideal for Indoor/Outdoor Pools & Spa Heating

Product description:

Foshan Meidibiao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

Key Features:

1. Comfortable constant temperature: Equipped with ± 0.5 precise temperature control technology, it avoids water temperature fluctuations and provides a stable and comfortable swimming experience.
2. Convenient operation: Equipped with a large color touch screen, the operation interface is simple and easy to understand, making it easy for the elderly and children to get started.
3. Low-vibration operation: Utilizing suspended shock absorption technology, the machine body vibrates minimally during operation and will not cause significant shaking interference.
4. Maintenance Tips: Intelligently monitor the operating status of the equipment and proactively push maintenance reminders such as filter screen cleaning and component replacement, saving you time and effort.

Specification:

MODEL	Unit	YKFXRS-42II-M4
Factory Model Number		MDB-20HP
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	/	380V 3N/50HZ
Rated Heating Capacity	kw	88
Nominal Input Power	kw	18.3
rated supply voltage	A	42
Maximum water pressure	mpa	37.7
Refrigerant	/	R22
Air Discharge Mode	/	Top Air Discharge
Noise	DB(A)	≤74
Dimensions	MM	2000*1100*1960
Weight	KG	520

Advantages:Committed to creating an ultimate comfortable swimming experience, the swimming pool heat pump is equipped with ± 0.5 precise temperature control technology, completely eliminating the trouble of water temperature fluctuating between hot and cold, and providing a consistent constant temperature enjoyment. The large color touch screen, combined with a simple and easy-to-understand operation interface, makes it easy for both the elderly and children to control. The suspension shock absorption technology enables low-vibration operation, and almost no shaking can be felt during use. The intelligent maintenance prompt function actively monitors the equipment status and promptly sends reminders for filter screen cleaning and component replacement, allowing users to enjoy a worry-free and worry-free experience throughout the process.
