

Energy-saving AC Cuts Power Use By 50%, 30s Fast Cooling 18dB Ultra-quiet Smart Comfort That Saves More

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Meidibao
- Certification: CE
- Model Number: MDB-28HP
- Minimum Order Quantity: 3 Unit
- Price: negotiate a price
- Packaging Details: Factory standard packing
- Delivery Time: Specific to the order based on regular products 5 to 7 days. Custom made for 30 days
- Payment Terms: T/T
- Supply Ability: 10 Unit/Units per Month

Product Specification

- Name: Meidibao Heat Pump
- Type: Fixed
- Origin: Guangdong Province China
- Working Temp: -7-43
- Dimension: 2013*1113*1913
- Weight: 603
- Highlight: **30s Energy Saving AC, 50% Energy Saving AC, 18dB Energy Saving AC**

Product Description

Energy-saving AC: Cuts power use by 50%, 30s fast cooling, 18dB ultra-quiet—smart comfort that saves more

Product description:

Foshan Meidibiao Electrical Appliance Co.,Ltd,established in 2005,specialized in the research,development and production of Heat pumps.With high-quality products and excellent customer service, it has received great praise in markets around the world and has established a global sales network covering regions such as Europe, North America, and South Africa.Whether in terms of technological innovation or service provision, we are committed to exceeding industry standards and establishing long-term partnerships based on reliability and performance.

Key Features:

1. Ultra-energy-saving: Utilizing full DC inverter technology, the APF value reaches 5.2. Compared to ordinary air conditioners, it saves electricity by over 40%, significantly reducing electricity expenses over the long term.
2. Rapid temperature control: Equipped with dual-vane compressors, it can cool in 30 seconds and heat in 60 seconds, quickly balancing the indoor temperature and avoiding discomfort from waiting.
3. Intelligent and convenient: Supports remote control via APP, automatically sensing the room temperature and adjusting it to the set value ± 0.5 , suitable for different scenarios.

Specification:

MODEL	unit	YKFXRS-48II-M4
Factory Model Number		MDB-20HP
Applicable Ambient Temperature	°C	-7-43
Power Supply Specification	/	380V 3N/50HZ
Rated Heating Capacity	kw	93
Nominal Input Power	kw	23
rated supply voltage	A	43
Maximum water pressure	mpa	43
Refrigerant	/	R22
Air Discharge Mode	/	Top Air Discharge
Noise	DB(A)	≤75
Dimensions	MM	2013*1113*1913
Weight	KG	63

Advantage:This energy-saving air conditioner boasts a core advantage of superior energy efficiency. It adopts the latest variable-frequency technology and its APF value exceeds industry standards. Compared to ordinary models, it saves electricity by over 35%. Over the long term, it can save users considerable electricity costs. At the same time, it also has the ability to rapidly control temperature. It can achieve rapid cooling in 30 seconds and rapid heating in 60 seconds, eliminating the need for waiting when adjusting the room temperature. Combined with the intelligent sensing system, it can precisely maintain a temperature difference of ± 0.5 , avoiding the discomfort of sudden changes in temperature and further reducing energy consumption through dynamic adjustment, achieving a balance between energy conservation and comfort.
